

FSMA Laser-Connector with knurl

Features

- Screw cap with knurl
- Connector with defined air gap
- Multimode connector
- Fiber free standing

Use

- Laser coupling
- Mainly for industrial networks

Dimensions

Technical Data

Artikel-Nr. Part number	F5R1-Mxxx*-035L
Description	Laser
Housing material	metal
Typical loss** IL	< 0,5 dB
Ferrule hole Ø	128 µm – 1650 µm (other diameter upon request)
Ferrule material	Arcap AP1D
Mating cycles	500
Operating temperature	-40 °C – +85 °C
Storage temperature	-40 °C – +90 °C
Cable Ø	2,5 mm – 3,5 mm
Cable retention***	≥ 150 N
Notes: * Hole diameter **Depends on termination and fiber ***Depends on cable	

Stripping length

- Sekundär-Coating 900 µm ... 12 mm
- Primär-Coating 250 µm 10 mm
- Faser 125 µm 18 mm
- Kevlar Gesamtlänge 7 mm
